We thank Physics and Chemistry teachers for their valuable contribution in achieving Merit Ranks by the students

We are very thankful to Dr. Abhang Prabhu, Prof. Sachin and the entire Biology team for their continuous guidance and support in the last two years of coaching. The in-depth teaching, regular doubt solving and numerous test series helped me achieve my score in NEET 2021. In spite of the lockdown, the teaching continued smoothly and with their up-to-date technology, we were easily able to adapt to the online platform.

## Cornerstone of APMA

- Faculty – our biggest strength Distinguished faculty with an experience in Medical Entrance Coaching for over 22 years.
- Syllabus oriented teaching – improves focus and gives an exam perspective to an otherwise broad syllabus.
- NEET syllabus adhered teaching.
- Syllabus is completed well in time, giving sufficient time for self study.
- Atleast 3 revisions after completion of syllabus.
- Classroom teaching with a batch size of 35 only – this enables to build a student teacher rapport.
- Ongoing tests strictly based on syllabus. DPP, topic wise, combination and full syllabus tests as portion advances.
- Monthly progress report and counselling session with the student once a month.
- Rigorous doubt solving sessions which is a cornerstone of understanding the subject and performance.
- In case of Government Restrictions on Classroom Coaching, teaching will be Online Interactive in small batches only, ensuring that every child is with the class and there are no backlogs. Recorded lectures will still be provided in case you miss the live session.
- Interactive Vivas forcing the students to study well with no scope of any escapes from hard work.
- Monthly parents teacher meetings to discuss the child's progress and timely corrective measures.

## Performance Enhancement Programme (PEP)

- Performance Enhancement Programme (PEP).
- Customised study plan after assessing the strength and weakness of each child.
- Personal Mentorship programme by Dr. Abhang Prabhu with daily and weekly monitoring of progress and steering the plan accordingly.
- Interactive Vivas and Take ups in small groups.
- Monthly parent faculty meetings.
- Instant doubt solving.
- Completion of portion well within the time.
- Year long tests in the form of DPP, topic wise tests, combination and full portion tests.

**Vinayak Tapasvi**  
695/720

After witnessing the sky rocketing qualifying scores of NEET year after year, we realised that, this is not going to be so simple as we had thought. That's when we got in touch with Dr. Prabhu. The one on one interaction, customised personal attention and a goal based directional approach made the difference. That's when we realised the difference between a 'Teacher and a Coach.'

We cannot thank TEAM APMA enough for their timely contribution towards our son's success.

**Anushka Tappe**  
655/720

We would like to share Anushka's journey with team APMA and would like to express our gratitude towards Prabhu sir and his team. It was a time when Anushka and we were clueless on how to improve her performance. This is where APMA's individual approach helped her immensely. Their NEET standard papers gave enough ideas on which topics to improve as well as how to study topics which needed NCERT reading. Their proactive approach and equal interest in each student is highly effective & appreciable. They tried to understand issues faced by Anushka and gave many individual recommendations and not generic which is applicable to all. Special thanks to Dr. Prabhu for being a mentor to Anushka.

**Mrs. Prajakta | Mr. Nitin Tappe**

**Sairaj Shrigiri**  
692/720

The APMA test series were very comprehensive and gave students a fairly accurate idea of the actual NEET exam. The revision lectures and physics tests were interactive with active student participation. Most importantly, the guidance from team APMA changed the study pattern from random to exam oriented. Individual performance analysis was followed by motivation, specific advice and practical tips regarding the exam, which proved to be instrumental in improving the final score.

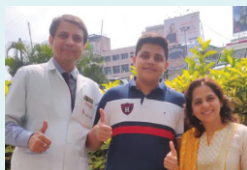

We are indebted to Dr. Prabhu and team APMA.

**Aman Sancheti**  
673/720

In the middle of the previous class course, Aman started losing his focus resulting in deteriorating performance and lost confidence. Prabhu Sir's well placed systems and his interactive sessions along with Team APMA's constant guidance, detailed study material and ncert based test series helped Aman improve tremendously. APMA is a very comprehensive coaching academy which understands the students' needs, strengths and weaknesses and guides each one with a game-changing tailor-made programme. We are thankful to Prabhu Sir for his timely intervention, help, inspiration and guidance.

**Ananya Phadke**  
677/720

I would like to take this opportunity to express my gratitude towards the APMA team and Dr. Prabhu himself. My daughter was studying sincerely and dedicatedly for more than 2 years. When we met Dr. Abhang Prabhu and his team, instant sparks were lit.

Dr. Prabhu helped my daughter change her set patterns. He introduced newer corrective measures. A PARADIGM SHIFT resulted in deep motivation and she saw her priorities in different light. This awareness scripted in the final two month's journey will pay rewards handsomely!!

We as her parents are immensely grateful to you Prabhu Sir, for personally investing your precious time, proactive energy and spirited encouragement above all for shaping her success story.

Atharva was struggling to get past even 500 in his class FSTs and was very low in confidence when he joined APMA crash course and test series, which proved to be a game changer for him in just 2 months time. The teachers were extremely supportive and guided him wonderfully to better his performance. Prabhu sir's specific instructions along with his and his team's motivation and result oriented approach helped him to achieve his best score in the final exam. We are glad that in Dr. Prabhu, our son has found a true mentor who really brought out the best in him.
