## NEET 2025 - Parent's Testimonials

Apma gave Tanishq the much-needed stability and tranquility for him to focus on his goals. Honestly Team Apma was a boon in Tanishq's Neet Journey which gave strength to his wings to soar high. Their meticulous planning, attention to minute details, personal attention to each aspect of the child developed a smooth transition and helped us to understand the things clearly. We wholeheartedly thank Team Apma with Gratitude. May Lord Dhanvantari bring stupendous success each year.

Dr. Mrinmayee | Dr. Ravindra Daswant

Tanishq Daswant 658 /720 (AIR 40)

We want to express our deepest gratitude for our journey with APMA. What has struck us the most about APMA is the passion for delivering the best to the kids - ALWAYS. The course content is meticulously designed to help the kids at each and every step of the journey. The insistence on discipline through the 2 years is a true life lesson not just for the kids, but also their parents. The efforts taken by each and every subject teacher to tirelessly resolve every single doubt of every child is truly admirable. The empathy and personalized care demonstrated during the counselling sessions is unparalleled. We have formed a strong bond with this prestigious institute which we will cherish for life.

Mrs Preeti | Mr. Krutank Vaidya

Manav Vaidya, 628 /720 (AIR 275)

Having twins meant double the responsibility during this crucial academic phase—yet APMA made it seamless. Each of our children—Swaraj and Janhavi—received personalized mentoring, constant motivation, and unwavering support. The disciplined APMA system, from daily study plans to final-hour strategies, delivered results. Faculty know exactly how to master the exam content, and the team was always accessible.

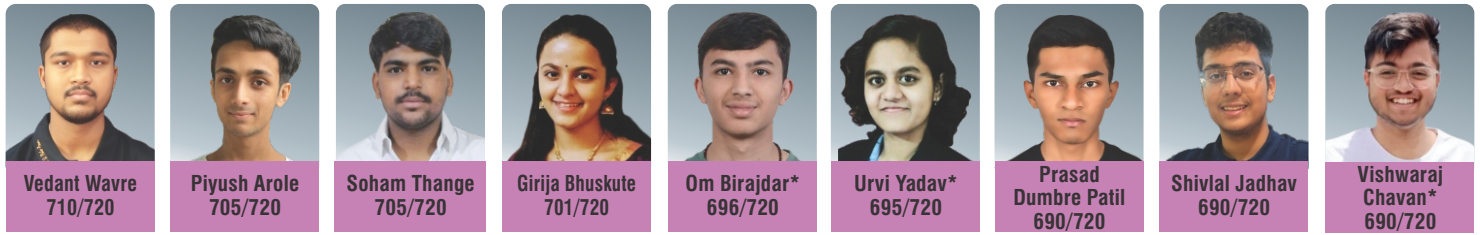

With complete trust and confidence, we can say APMA is simply the best for academic success of learners. We are immensely grateful to the entire APMA family for guiding us—twice over!

Dr. Vandana | Dr. Sachin Abane

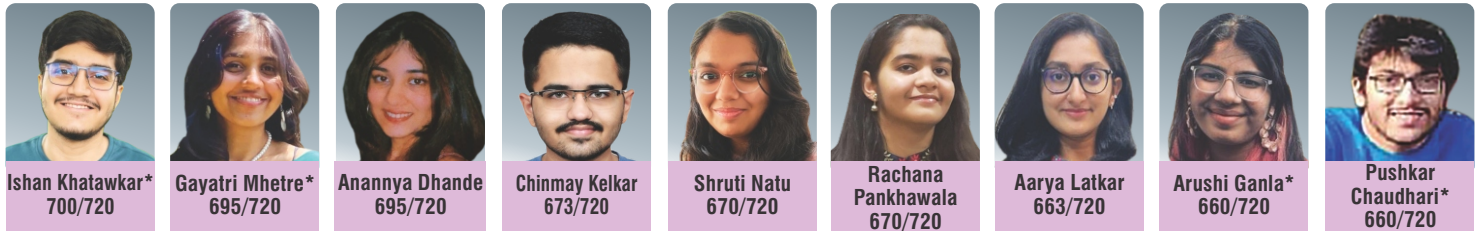

Swaraj Abane 600 /720 (AIR 1333), Janhavi Abane, 556/720
